Signed _____ Date _____

To activate Content Filtering, your Internet session will be restarted and you will need to sign in with your TCC Username and Password. This should happen within 1-2 business days of us receiving this form. If you need your TCC Password, please contact our office at 715-695-2691.

To change or cancel your filtering, please submit another of these forms to us. You can print copies of this form on our Web Site under Customer Service or we can mail/email one to you. We cannot take change requests by phone or email. There is no password override to allow access to individual web sites or services which this filtering blocks. No filtering system is perfect or completely infallible. We suggest you check your filtering periodically to make sure it is operating to your satisfaction.

Please Mail, Fax or Bring In this completed form to have service activated:
